

Poco Vempe dopo
R.F.

Sir,

I must ask you not to consider my short paper ~~the~~
"Has ~~an~~ an "Hoyle's Massive Star" already been observed?",
recently submitted for publication.

Indeed I just got information from Oke that H β and H α
~~lines~~ lines of the supposed Einstein shifted spectrum
are not ~~present~~ observed.

This rules out the question.

Sorry! ~~sincerely~~ yours sincerely

A. B.
